WHERE TO RIDE

LOS ANGELES METRO AREA

THE CONEJO RECREATION AND PARK DISTRICT allows electric-motorized bikes on 86 miles of routes in the district.

1 GREAT RIDE Dos Vientos Tour, is a 12.2 mile loop with 1,261’ of elevation gain. The trail is mostly singletrack with punchy climbs, fast descents and scenic views.

CHINO HILLS STATE PARK allows eMTBs on 95 miles of mountain bike trails in the park.

2 GREAT RIDE The Chino Hills Loop is a 20 mile loop with 2,885’ of elevation gain. The ride is 50% scenic singletrack, moderately challenging but a true mountain bike experience.

THE BUREAU OF LAND MANAGEMENT ROWHER OHV AREA allows eMTBs, as they are managed as motorized vehicles and allowed on routes and trails that area open to motorized vehicles.

3 GREAT RIDE There are 57 miles of trails and multiple loop opportunities at the Rowher OHV Area for the spring and fall riding seasons. The elevation profiles vary, and the trails are a mix of motorized singletrack and doubletrack with steep grades.

PLEASE FOLLOW THESE GUIDELINES FOR RESPONSIBLE eMTB RIDING

» On federal, state, county and local trails, eMTB access varies significantly. When in doubt, ask your local land manager about access, since local land rules change frequently. Do not ride your eMTBS in areas where the local rules are unclear.

» Generally speaking, any natural surface trail designated for both motorized and non-motorized use is open to eMTBs.

» It is critical that eMTB riders ride legally and only on authorized trails to show that all mountain bikers are responsible users.
