

# OKLAHOMA'S E-BIKE LAW

OK

## OKLAHOMA'S E-BIKE LAW FOR THE ROAD

- » E-bikes are regulated like bicycles. The same rules of the road apply to both e-bikes and human-powered bicycles.
- » E-bikes are not subject to the registration, licensing or insurance requirements that apply to motor vehicles.
- » Oklahoma designates three classes of e-bikes:
  - Class 1: Bicycle equipped with a motor that provides assistance only when the rider is pedaling, and that ceases to provide assistance when the e-bike reaches 20 mph.
  - Class 2: Bicycle equipped with a throttle-actuated motor, and that ceases to provide assistance when the e-bike reaches 20 mph.
  - Class 3: Bicycle equipped with a motor that provides assistance only when the rider is pedaling, and that ceases to provide assistance when the e-bike reaches 28 mph.
- » Class 3 e-bikes are not allowed on a bicycle or multiuse path unless it is adjacent to a highway or roadway, or they are specifically allowed by the local authority or state agency with jurisdiction.
- » The local authority or state agency with jurisdiction can restrict the use of e-bikes. When in doubt, check with your city or county for local rules and regulations.
- » You must be 16 or older to operate a class 3 e-bike. A person under 16 may ride a Class 3 e-bike as a passenger.

\* The following Oklahoma laws are referenced: Okla. Stat. tit. 47 § 1-104; tit. 47 § 1-134; tit. 47 § 11-1103; tit. 47 § 11-1209; tit. 47 § 12-701.

## eMTB GUIDELINES

- » On federal, state, county and local trails, e-mountain bike (eMTB) access varies significantly.
- » Generally, any natural surface trail that is designated as open to both motorized and non-motorized uses is also open to eMTBs.
- » eMTBs may not be allowed on trails managed for non-motorized activities.
- » Do not ride your eMTB in areas where the local rules are unclear. Ride legally and only on authorized trails to show that mountain bikers are responsible trail users.
- » When in doubt, ask your local land manager about access to specific trails. Local land rules change frequently.

## CHECK OUT

- » A map of great eMTB rides at [peopleforbikes.org/emtb](http://peopleforbikes.org/emtb)

## OKLAHOMA'S E-BIKE LAW FOR TRAILS

- » LOCAL: Consult your local land management agency.
- » STATE: The Oklahoma Tourism and Recreation Department does not currently have an eMTB policy. Contact the department for the most up to date information. PeopleForBikes is monitoring this policy and will update this document as needed.
- » FEDERAL: The majority of public lands managed for recreation in Oklahoma are under the jurisdiction of the U.S. Forest Service, where eMTBs are considered motorized vehicles and have access to motorized trails. Contact the U.S. Forest Service Southern Regional Office for more information.

## With an e-bike, bicyclists can ride more often, farther, and for more trips.

Electric bicycles are designed to be as safe as traditional bicycles, do not compromise consumer safety, and benefit bicyclists who may be discouraged from riding a traditional bicycle due to limited physical fitness, age, disability or convenience.

In many states, e-bikes are regulated under antiquated laws primarily aimed at combustion engine vehicles such as mopeds or scooters. PeopleForBikes is clarifying state laws governing the use of e-bikes in the U.S. Every state's law is different, but the objective is to ensure that low-speed e-bikes are regulated similarly to traditional, human-powered bicycles.
